 - c. Tables with the time standards will be published by September 1 each year.
10. In the event that that only three(3) swimmers have automatically qualified in an age-group, a fourth swimmer (meeting the AAA qualifying criteria) will be selected to be part of a relay team whose combined times as determined by Hy-Tek would match or better the median 8th place for the event over the last three (3) years.

13. In the event that there are four (4) automatic qualifiers in a particular age-group, including a swimmer qualified for Open Water, an additional relay swimmer could be selected to be part of a relay team whose combined times as determined by Hy-Tek would match or better the median 8th place for the event over the last three (3) years.

14. All relay teams will be selected based on a combination of swimmers that equals or betters the 8th place median time of a relay event over the last three (3) years, irrespective of being automatic qualifiers to the CCCAN team. In the absence of any such combination, the automatic qualifiers will be selected to swim the relay event.
